CAREER OBJECTIVE

MERN Stack Developer with hands-on experience building responsive and user-focused web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in RESTful APIs, authentication, responsive UI, and modern JavaScript. Eager to contribute to real-world projects while continuously improving technical skills.

SKILLS

Technical Skills:

- **Strong:** JavaScript (ES6+), React.js, Tailwind CSS, CSS3, Firebase, Context API, Responsive Design
- **Working Knowledge:** Node.js, Express.js, MongoDB, JWT, REST APIs, Next.js (Basics)
- **Familiar:** TypeScript, SQL Databases, Postman/API Testing, Deployment (Vercel, Netlify), Browser DevTools/Debugging

Tools & Platforms: VS Code, Git, GitHub, Figma, Chrome DevTools, Vercel, Netlify

Interpersonal Skills: Effective Communication, Quick Learner, Team Collaboration, Adaptability, Problem Solving

PROJECTS

Project 1: ShopEase | Full-Stack E-Commerce Web Application [Live-Site](#) | [Github Client](#) | [Github Server](#)

A modern e-commerce platform with a responsive interface for browsing products, managing shopping carts, placing orders, and secure online payments.

Key Features

- **Secure Authentication & User Management:** Firebase authentication with user registration, login, and profile management
- **Product & Cart Management:** Browse products, manage shopping carts, and place orders with a user-friendly interface
- **Payment Integration & Order Management:** Secure Stripe payment integration with order processing and status management
- **Responsive Design & Admin Features:** Mobile-friendly UI with product management and administrative functionalities

Technologies Used: React, Vite, Node.js, Express.js, MongoDB, Firebase, Stripe, Tailwind CSS, RESTful APIs

Project 2: Zap Shift | Full-Stack Parcel Delivery Web Application [Live-Site](#) | [Github Client](#) | [Github Server](#)

A modern parcel delivery management platform that connects customers, delivery agents, and administrators through a responsive and user-friendly interface.

Key Features

- **Secure Authentication & Role-Based Access:** Firebase authentication with separate roles and functionalities for users, delivery agents, and administrators
- **Parcel Management & Delivery Tracking:** Create, manage, and track parcel delivery requests with real-time status updates
- **Rider & User Management:** Manage delivery agents, parcel assignments, and user activities through administrative functionalities
- **Payment Integration & Responsive UI:** Online payment functionality with a mobile-friendly interface and smooth user experience

Technologies Used: React, Node.js, Express.js, MongoDB, Firebase, Stripe, Tailwind CSS, RESTful APIs

EDUCATION

Brahmanbaria Polytechnic Institute

Diploma in Engineering – Computer Technology

Passing Year: 2020

LANGUAGE

- English: (Professional proficiency)
- Bangla: (Native)
